FITNESS CHALLENGE

The Mendham Township Police Department has entered into a nationwide "911 Fitness Challenge" to promote fitness among law enforcement, fire and medical services. Teams will be measured upon their ability to lose body fat and gain lean muscle. The team with the greatest percentage will win a \$5,000 prize. As part of the effort, the Mendham Township Police Department has partnered with the Mendham Township Middle School to promote physical fitness to kids. If the local team wins, the prize would be donated to the school system. Adam Greene, owner of Trend Motors is sponsoring the police team.
